# Minister O'Donovan announces funding approval for Minor Flood Mitigation Works at Rathcurby, Kilmacow, Co. Kilkenny

From [Office of Public Works \(/en/organisation/office-of-public-works/\)](/en/organisation/office-of-public-works/)

Published on 22 June 2023

Last updated on 26 July 2023

Minister of State with responsibility for the Office of Public Works, Patrick O'Donovan, has announced the approval of Kilkenny County Council's application for funding under the Office of Public Works' Minor Flood Mitigation Works and Coastal Protection Scheme. Under the scheme, the Office of Public Works (OPW) has approved funding of €33,750 for proposed works, which will include the installation of a new 350m open drain at Rathcurby, Kilmacow, Co. Kilkenny.

# Notes

The Minor Flood Mitigation Works and Coastal Protection Scheme was introduced by the Office of Public Works in 2009. Since then, 15 funding applications by Kilkenny County Council have been supported under this scheme. More information is available on the Flood Risk Management website. (<https://www.floodinfo.ie/county-summary/>).

The purpose of the scheme is to provide funding to Local Authorities to undertake minor flood mitigation works or studies to address localised flooding and coastal protection problems within their administrative areas. The scheme generally applies where a solution can be readily identified and achieved in a short time frame.

Under the scheme, applications are considered for projects that are estimated to cost not more than €750,000 in each instance. Funding of up to 90% of the cost is available for approved projects. Applications are assessed by the OPW having regard to the specific economic, social and environmental criteria of the scheme, including a cost benefit ratio.

Works that are normally the responsibility of the local authorities will generally not be considered for OPW funding. Where such works would also mitigate the risk of flooding to properties, partial funding may be considered by OPW.

The Local Authorities must be satisfied that the works will not have a significant impact on flood risk elsewhere.

The commencement and progression of any works for which funding is approved is a matter for each Local Authority concerned.

More information, including annual lists of projects for which funding under this scheme has been approved, is available on the Flood Risk Management website. (<https://www.floodinfo.ie/minor-works/>).
